Birthday Parties

Looking for a great Birthday Party Idea in Sydney? Why not have a unique birthday party where your guests are able to play each other on their own Xbox 360. We specialise in childrens birthday parties and often hear kids saying that "this is the best party I have been to." Parents love the fact that it is a stress free party for them as we handle all the games and help the kids to choose games that will be the most fun for the group. Once the kids are settled and having fun, alot of parents find it nice to grab a coffee from the shop around the corner and relax.

We also have Birthday Parties for Adults and those for who are looking for something fun and a little different. Check out the bottom of the page for our private functions as well. We host Sydney's best Birthday Parties!
