On Thursday the 30th of November, Xtopia hosted a fundraising tournament for North Sydney Boys High School. The tournament was to raise money for the Tabitha foundation which helps lift Cambodians out of poverty by building houses for the poor.

Check out the photos in the Gallery.

108 Year 9 students battled it out at Halo 2 in order to raise money for their Year 10 and 11 comrades to head over to Cambodia and actually build the houses.

The tournament helped them achieve their target to raise enough to build 10 houses.

The Winner of the Tournament - Antony, won an Xbox 360 that he ended up donating back to the school to raise more money. What a legend!

Jeffrey came in second and scored some nice games for his trouble too.

Congratulation to all who participated, and look forward to you coming down to Xtopia. For those that won daypasses, just present them to our staff and you will be able to play all day.

A very big thanks to Mrs Potter who did an awesome job of organising the day and the surrounding activities.
